The Trust Fund Code must be a two digit number. If it is a single digit number (1, 2, 3, etc.), please add the zero on the left side (01, 02, 03, etc.).

Missouri *encourages* you to default the 2-D barcode to "ON" when you release your software. It is *highly preferred* that we receive returns with a 2-D barcode. Please make every effort to print a 2-D barcode on all your returns.

ADDRESS INFORMATION:

*It is *preferred* that you print only the 2-D barcode mailing address on the form, if your company is implementing 2-D barcode. If your company is not implementing 2-D barcode, please print only the non-2-D barcode address. If this doesn't work for your company, please print both addresses or refer your clients to the instructions.
